

## REQUIRED FOR VISITATION

- A well-fitting medical grade mask over your nose and mouth at all times
- Additional Personal Protective Equipment (PPE) per hospital policy
- Maintain 6 feet physical distancing from health care workers and other patients/residents/visitors that are not part of your group

**Failure to comply with visitor guidelines or code of conduct may result in being denied future visitation**

## Pediatric Visitation

### **Non-COVID-19 admissions:**

- Open visitation twenty-four (24) hours a day for parents or parent substitute only
- Visitors and siblings (14 years of age, and older) will observe the general visiting hours
- Sleeping accommodation for one (1) parent can be provided with prior arrangements

### **COVID-19 or Influenza-like admissions:**

- Visitors need to be designated during the patient's admission for Pediatric care.
  - The visitor must comply with masking and social distancing when team members are present.
- In the case of prolonged hospitalization, we will partner with the family to select two (2) designated alternative support persons for pediatric patients.
- Visitation access with other family/friends will need to be conducted using technology (phones, iPad).

## L&D Visitation:

### **Non-COVID-19 or Influenza-like admissions:**

- Open visitation twenty-four (24) hours a day for the father of the newborn or the designated coach.
- Two (2) designated persons may be present during labor and delivery.
  - With approval of the patient's delivering physician, up to four (4) may be permitted.
- Four (4) visitors at one time are permitted in the postpartum rooms.
- Siblings of the newborn may visit when accompanied by a responsible adult.
- Visitation may be limited by the new parents at this time so they can spend the first hour of their baby's life uninterrupted

### **COVID-19 Positive or Influenza-like admissions:**

- The father/designated coach needs to be designated during the patient's admission to the L&D care unit.
- Visitation access with other family/friends will need to be conducted using technology (phone, iPad). For everyone's safety, this includes siblings using technology for visitation.

### **Scheduled or Unscheduled C-section support guidelines:**

- For C-section procedures, the father/designated coach is allowed to be present for the C-section.

## **DUE TO HIGH PATIENT VOLUME, WE ARE LIMITING VISITORS FOR SAFETY**

### **REQUIRED FOR VISITATION**

- A well-fitting medical grade mask over your nose and mouth at all times
- Additional Personal Protective Equipment (PPE) per hospital policy
- Maintain 6 feet physical distancing from health care workers and other patients/residents/visitors that are not part of your group

**Failure to comply with visitor guidelines or code of conduct may result in being denied future visitation**

### **EMERGENCY ROOM VISITORS**

- Adult patients without COVID-19 or Influenza-like Respiratory Symptoms will be allowed one (1) designated visitor to join them
- Adult patients with COVID-19 or Influenza-like Respiratory Symptoms will have visitors using personal phone or brief team assisted iPad technology
- Visitors for patients with special circumstances or clinical needs will be determined by the physician and nursing leadership
- Infants and pediatric patients will be allowed one (1) visitor to join them
- Parents/Guardians will be able to substitute with only one (1) visitor at a time

### **HOSPITAL VISITORS**

- Visitors must be free of COVID-19 or other virus or flu symptoms
- Visitors must be 14 years of age or older
- Visiting hours may be limited based on a patient's clinical needs
- Adult inpatients without COVID-19 or Influenza-like Respiratory Symptoms will be allowed two (2) visitors at a time
- Adult inpatients with COVID-19 or Influenza-like Respiratory Symptoms will have visitors using personal phone, or a brief team assisted visit using iPad technology
- Visitors for patients with special circumstances or clinical needs will be determined by the physician and nursing leadership
